What do you tell the person who answers the phone?

When you call Emergency Services, here's what you should say:

- Say "Fire" when the operator asks you if you need Police, Fire, or Ambulance.
- Give them your name, and tell them details of where you are, including street number and name.
- Give them information about the fire. Is it inside or outside? Big or small?
- Don't hang up until the operator has all the information they need.

5. Watch Melanie's visit to the fire station.
