LETTER OF INTRODUCTION

Dear Pathfinder Leaders,

Thank you for taking the time to be prudent in your leadership of your local Club as the new year begins.

Our Theme for the Pathfinder Year is RESTORE, REBUILD, RECLAIM. All Pathfinders have a calling from God to serve and lead, where that happens is something that they'll discover in the course of their time within the club.

This year we pray that just as Nehemiah took time to restore, rebuild, and reclaim the city of Jerusalem, that your leadership team will have a great year to execute a learning program for the club. As you focus on the areas that Pathfinders need in order to progress, may you take that extra time to remain intentional with them and their families.

2021 will definitely go down as a peculiar year, yet many of you went above and beyond in your leadership. The job you executed was one that only you could have done by the grace of God. We were push to new limits, able to appreciate the systems we have, all the while maintaining focus on the goal; sharing Jesus with our Pathfinders through outdoor based learning.

As a department we've been happy to see how many of the clubs have maintained the spirit of the Youth Department's Vision, Shape Faith. Unleash leaders. Empower Churches. Expand Mission. Pathfinders have engaged their local churches in ways never anticipated and we know this will continue growing the Mission of Christ.

So as we move together into the new year of for Pathfinders we want to encourage you as David did with his son as he entered into leadership. "Be strong and courageous, and do the work. Do not be afraid or discouraged, for the LORD God, my God, is with you." (1 Chronicles 28:20).

God Bless, Pr Moses, Pr Simon, and Linda.

PATHFINDER EVENTS

FEBRUARY 05 – PATHFINDER OPEN HOUSE

Pathfinder Open House is an opportunity for Clubs to open their doors to the community to experience Pathfinders for a night. We appreciate that some of the clubs already may do this, however, we would love to have a Sydneywide Open House night/ Expo every year, that becomes known as a day where Pathfinder Clubs enable community children to learn about Pathfinders and possibly join the local Club.

FEBRUARY 06 – ABSEILING

This day is designed to help you achieve your abseiling honours.

FEBRUARY 20 – CANYONING

Our Canyoning Day trip is for those Pathfinders who have had some experience with abseiling.

FEBRUARY 26 - PATHFINDER LEADERSHIP TRAINING 1

The Pathfinder Leadership Training weekend is only for those wishing to undergo Masterguides, Pathfinder Leadership Award (PLA) and Pathfinder Specialist Award (PSA).

MAY 13-15 - PATHFINDER LEADERSHIP TRAINING 2

This Pathfinder Leadership Training weekend is for those who have completed Part 1 of the Pathfinder Leadership Award (PLA) and Pathfinder Specialist Award (PSA), and who wish to undergo Part 2.

JUNE 05 – MAP & COMPASS

This is a training event to help you bring your navigation and orienteering skills up to scratch.

JUNE 19 - PATHFINDER SERVICE DAY

Pathfinder Service Day will replace the Drug Free Walk. A regional service activity will be organised, where all the clubs in that region have the opportunity of being involved in service to their community. If you have any contacts or ideas regarding this activity, please contact your regional District Director.

AUGUST 20-21 - PATHFINDER LEADERSHIP TRAINING 3

This Pathfinder Leadership Training weekend is for those who have completed Part 2 of the Pathfinder Leadership Award (PLA), and who wish to undergo Part 3.

SEPTEMBER 23-25 – PATHFINDER EXPEDITION

Expedition is a challenging and fun weekend of hiking, orienteering activities, and worship.

NOVEMBER 19 – PATHFINDER RALLY

This is the final Conference Pathfinder Event of the year. It is a time of worship, and celebration of all that has happend in Pathfinders this year. 200 Club Awards are given out during this time.

NOVEMBER 20 – ABSEILING

This day is designed to help you achieve your abseiling honours.

ADVENTIST OUTDOORS

Adventist Outdoors (AO) is a volunteer organisation sponsored by the Seventh-day Adventist Church. The leadership are nationally qualified in bushwalking, abseiling, flat water canoeing, mountain biking, canyoning and other outdoor skills. AO gets involved in supporting Pathfinders in map and compass, and the Pathfinder Expedition. AO are committed to providing safe outdoor adventure activities and developing activity skills.

Meet our AO team for 2022:

White Water Canoeing: Ben Fehlberg

Bushwalking: John Wells & Jayden Streatfeild

Abseiling*: Stephen Fehlberg, Leo Barreto, Jayden Streatfeild,

Nigel Cooper, and Sam Atcheson

Rock climbing: Ben Fehlberg Canyoning*: David Gilbett

Flat Water Canoeing*: Paul & Cecilia Edwards

Mountain Biking*: Paul Edwards

High ropes & Low ropes: Available at Crosslands with qualified operators:

Leo Baretto & Wes Raymond

For contact details, please contact the conference office on 9868 6522.

*The AO GSC team organise the ourdoor activities as seen in the 2022 Youth Calendar.

INSTRUCTIONS FOR FORMS

PLEASE SEND ALL FORMS & REPORTS TO: lindaciric@adventist.org.au

Linda Ciric is the Administration Assistant for the Youth Department and helps them stay organised.

From an Organisation perspective, forms are really important as they help us get the right contact information from you, so that we can keep you up to date on all events and annoucements. They also ensure Pathfinder Clubs are operating in a professional and safe manner. We appreciate your cooperation on this.

Another important thing to note is that some forms have been removed. For example the Public Liability Form is no longer available. If a company or governemnt body requires a certificate from you, you must apply directly to RMS: https://rms.org.au/forms/request-a-public-liability-certificate/_ Public Liability certificates are only required for insurance purposes. For example if you decided to have a sausage sizzle fundraiser at Bunnings, they may request that you have a Public Liability form.

200 CLUB INSTRUCTIONS

INSTRUCTIONS - PLEASE READ

AIM OF 200 CLUB:

To establish a bench mark that the Pathfinder Club can measure themselves against. This is considered the minimum for a well-run Pathfinder Club. The club can have more events, campouts etc. The reporting presumes that the Pathfinder Leaders will be honest in their reporting. The District Director's will monitor the results.

SCORE IS BASED ON 1 NOV - OCT 31

12 Monthly Reports maximum of 120 points
Annual Events as listed maximum of 96 points
Annual Investiture 80% invested 30 points

Safety Plans BONUS 9 points (3 points per camp)

POSSIBLE TOTAL 264 points

ANNUAL EVENT SCORES - CERTAIN ATTENDANCE PERCENTAGES REQUIRED

Annual Events Scores	Investiture Scores		
75% + =6 points	80% + =30 points		
60% - 74% =5 points	65% - 79% =25 %		
40% - 59% = 3 points	45% - 64% =20 %		
10% - 39% =2 points	Under =10 points		

DEFINITIONS

Monthly Reports: These reports are due on the 10th day of every month. There are 10 activities that are recommended to be completed at every hall meeting or at least once a month. These are worth 1 point each. A maximum of 10 points per month is available.

Annual Events: These are events that can only be scored once. These include: Pathfinder Expedition, Map & Compass, Rally Day, Fair/ Camporee, Pathfinder Open House, and Pathfinder Service Day.

Community Service: is when the whole club is involved in organising and running a community service activity such as ANZAC Day March, ADRA Appeal etc. You are encouraged to be involved in at least 2 each year.

Campouts: This is a 2 night Club campout out in nature. It is a Pathfinder-specific event for the Pathfinders. An Activity Notification Form NEEDS to be sent to the Conference a week before the event. This also includes a copy of the Safety Management Plan for the camp for a bonus of 3 points. A club should plan to do at least 3 campouts in a year.

Pathfinder Leadership Award is essential for all Club Leaders and Counsellors to obtain. Each Club should have all staff trained or in the process of being trained. The minimum training that is encouraged for staff is PLA. 6 points will be added to your score for enrolling and graduating Leaders into this course.

GUIDELINES for completion of ADVENTIST OUTDOORS GREATER SYDNEY OUTDOOR ACTIVITY NOTIFICATION

- 1. This form is to be used for any notifiable activities for the purposes of knowing what clubs / activity leaders are doing what and where, statistics, record keeping, etc.
- 2. It's use for the future is this; as we develop the system of accrediting and registering all activity leaders, there will need to be a certification and recertification process. One of the requirements of this is logged or recorded experience in the activities. Part of the verification of activity leaders' experience is the Activity Notification Form.
- Notifiable activities include (but not restricted to): abseiling, base camping, bushwalking, canoeing, canyoning, caving, challenge ropes courses, cross country skiing, high ropes courses, horse riding, indoor climbing, kayaking, liloing, rock climbing, ropes courses. If unsure, please ring and check.
- 4. The Outdoor Activity Notification needs to be sent (either faxed or mailed) to the ADVENTIST OUTDOORS Greater Sydney office (details above) to arrive one week prior to the activity. Electronic may be a good option for some. However, if late, please send it in anyway. Better late than never!!
- Details of the form:
 - Type of activity: This is a general description, for example, 2 night campout, and then a list of
 specific activities to be included, for example, abseiling, canoeing, bushwalking. Each of these
 activities will need to have a qualified or ADVENTIST OUTDOORS registered leader to carry out
 the activity.
 - Today's date: not the date of the activitity / ies, but the date the form is being completed and sent. The date of the activities is found later in the form.
 - Church Department: Each activity being conducted for the Church should be "owned" by a
 Church department, which is ultimately responsible for the activity. It goes without saying, then,
 that the Church department for which the activity is being conducted should know about the
 activity, and give authority for it. For example, if the activity is being conducted for a school,
 then the principal should have knowledge of the activity and have given permission for it to go
 ahead. Name the Church department which will accept responsibility for the activity.
 - Authority from Church Department / Local School: The activity approval must be reflected in the
 minutes of the approving organisation, such as the school board, Pathfinder Staff Committee
 etc. These minutes will also include a list of the staff involved (this will include leaders, assistants,
 counselors, activity specialists or any approved adult supervisors).
 - Base/Emergency contact name: The base/emergency contact is a person who is not on the activity, but who will be available for the whole time of the activity, from leaving the Church car park to return to the Church car park. It should be an adult who is responsible and can maintain calm in the event of an incident. This person is the one who can notify parents, etc if, for example, the group is late due to a flat tyre or something similar. This person would also be in contact with the group / group leader in the event of an incident. The group leader and this person should have a pre-arranged plan of action for an incident, and should have a pre-arranged "late time" for unexpected delays. If this time is exceeded, then the plan is put into place. It might be, if more than three hours past the expected time due back, the local minister is called. Or, if the group or activity or location is high-risk, and still nothing is heard, then the local minister and the base/emergency contact agree on who to call and what to do from there.

- Parents or next of kin have Base/ Emergency Contact details: Just as the Base Contact should have details of each person in the group on the activity, each parent or next of kin should have the Base/Emergency Contact's details, should they have queries about expected arrivals, etc.
 This is recorded here.
- Leader's name: Each activity being undertaken will have one leader who runs the activity, and
 is ultimately responsible for it. Each activity being undertaken, even if more than one, should
 have a person recognised or qualified by ADVENTIST OUTDOORS leading it. If more than one
 activity is being undertaken, and more than one leader is involved; it may be that every activity
 is lead by a different leader, then you may need to attach more pages with names and details
 of leaders for each activity.
- Relevant Qualifications: This provides knowledge of the experience of the leaders This includes Pathfinder Qualifications, Outdoor Activity Skills certificates, Outdoor person, or they are currently in training for the appropriate qualification.
- ADVENTIST OUTDOORS Id No: This should be recorded here, where possible. All persons involved
 in activities are encouraged to be registered with ADVENTIST OUTDOORS.
- Location of property: This should be a specific address, including Grid Reference where possible.
 Then, in the event that ADVENTIST OUTDOORS or Conference leadership needs to find the activity, it can be done.
- Date of activity: This is the date of the overall activity, eg, campout, and also date of other
 activities if more than one. Attaching an itinerary may be easier, eg, abseiling on Sunday,
 bushwalking on Saturday afternoon, canoeing Friday afternoon, etc.
- Details of property: This aids in our database to indicate how many activities per year are
 conducted in State Forests, how many in National Parks, how many in Private Property, etc, and
 may eventually help us to obtain permits when others may have difficulties.
- Objective of activity: When any activity is conducted, the purpose and ultimate outcome of the
 activity should be clearly known. Some alternatives are listed, others may be personal
 development, outdoor education, family activity, etc.
- If training, level of training undertaken: This is to provide for cover whilst our leaders are in training. It also provides a record of training which is being undertaken throughout the Conference. All training needs to be properly notified to ADVENTIST OUTDOORS and recognised.
- Number of participants: The total number of participants who are involved in any activity. Then
 break up into number of adults, and number of children and youth and their ages. This assists, to
 some extent, in determining the ratios of children to adults involved in activities throughout the
 Conference, and thus the number of leaders we need to continue to train throughout the
 Conference.
- Ownership of equipment: This assists in determining the equipment in use throughout the
 Conference, and the amount and types of equipment which may be needed in the future. It
 may also help in determining insurance needs for equipment in the future.
- Verification of insurance required by land managers: This is asked for as some land managers
 have very strict requirements for the use of land under their care. ADVENTIST OUTDOORS also
 needs to have some idea of how many times insurance arrangements are being invoked
 throughout the Conference.
- Risk Assessment Completed: This means that you have recognised the possible risks involved in
 the activity and have planned the activity so that those risks are either removed or reduced in
 an approved manner. This is why one of the team needs to have completed their revised
 Pathfinder Leaders Award (PLA) or is qualified in the activity where the method of risk
 assessment is taught. We have a duty of care to our participants that no one will have a
 negative experience. Please attach a copy of your Notification.
- Comments or additional information: Please let us know anything extra which you may think of
 value. It may be that some of these may need to be included in new versions of the Outdoor
 Activity Notification.
- Please print name and address: This is the name and address of the person completing the form.
 It should be, if not one of the leaders of the activity itself, then perhaps one of the leaders of the
 group, for example, the Pathfinder Club secretary. It should, however, be someone with a
 thorough knowledge of the activity and the arrangements for it, and the authority to complete

- it. If any arrangements are unclear, it may be that the person completing the form will be called to clarify the information.
- 2nd Page: This must be filled out and given to the Base/Emergency contact person. It contains
 important information for the Emergency Response Team.
- Vehicle Registration: This information is required by some land owners and is very important if an emergency situation has to be dealt with. Please attach if not enough space.
- Intended Route: Entry point refers to where the activity will begin. If the activity is a Base camp
 then just fill out the details at this point.
- Grid Reference: is a set of numbers that give specific location on a topographic map.
- Map: the name of the map
- Exit Point: Refers to where you plan to end the adventure. If it is a Base camp then you would
 only need to complete the details in the Entry Point.
- Intended Escape Route and/or alternate plans: This is details for the emergency reponse team. It
 gives an indication of intended procedures realizing that their may be changes to these plans in
 the situation.
- Emergency Communication: Indicate what communication methods would operate in the activity location.
- Participants: This list is again vital for any emergency situation. Knowing the skill level of the group
 will also govern how quickly the emergency procedure will be dealt with. If the list is greater
 than the space available, please attach to this document.

CURRICULUM

Age of Pathfinders

The GSC starting age for the beginning of the year is 9 years and 9 months. Please note that for AUC and Division pathfinder events such as Camporee, pathfinders must be 10 years of age by the beginning of the activity.

Curriculums

The Pathfinder organisations in Australia and New Zealand have three different types of Pathfinder Curriculums that could be chosen by a Pathfinder club. These curriculums are not the Pathfinder program but they do influence how the Pathfinder club will operate. Each curriculum has the same class names and can receive the appropriate badges when they have completed the requirements of the curriculum for that class.

1. The Card System

This is the original Pathfinder Curriculum method that the Pathfinder organisation began with. The current card requirements were revised in 1980.

The curriculum is made up of six separate sets of requirements that are appropriate for the age group. They are:

Friends 10 Yr old Companion 11 Yr old Explorer 12 Yr old Ranger 13 Yr old Voyager 14 Yr old Guide 15 Yr old

Each class covers different aspects of Pathfindering including Spiritual, Outdoor and Recreational skills. Each class includes advanced work that can be completed by the Pathfinder.

This curriculum requires a separate teacher for each class. The card must be signed off as soon as it is completed. The teacher needs to be creative in teaching the class.

Resources

This Manual is available from the Adventist Book Centre. You can also access it here: https://pathfinders.adventistchurch.com/resources/category/staff-resources/

CURRICULUM

2. Pathfinder Specialty Program

This Pathfinder Curriculum was developed to provide more outdoor activities, allow the Teens some choices and bring the whole club together in some of their learning experiences.

The Junior Classes (Friends, Companion and Explorer) still have their own separate classes with a set curriculum. The choice is whether to do advance or not.

The Teen classes (Ranger, Voyager and Guide) meet altogether with one teacher. They can have some opportunity to choose their class work within boundaries of the skills of the club leaders. They choose from a range of specialties (bush craft, camp craft, drill, ceremony, first aid, communications, personal development, nature, recreation, wilderness living, craft). They also have to complete a different core unit for each of the years they are in teens.

The options for the Teens are:

- Two Specialties and Core or
- One Specialty, 2 Honours and Core or
- Four Honours & core

The Teen must complete the years choices & will be invested for that class year depending on their age (13=Ranger, 14=Voyager, 15=Guide). The whole club completes the club activities together. Teens also have a choice to do the advanced in each class.

What is required:

The club needs to keep the following records

- The Director Diary Records what Specialties the club does for each year.
- The Pathfinder Record Book Kept up to date by the class teacher.

This program saves on staff. Only need 4 teachers. The best way of running the program is that the Teens Choose ONE Specialty & Two Honours. It is easiest if all of the Teens are doing the same specialty (at least) Large groups may be able to have more choices at the one time.

Resources

- South Pacific Pathfinder Staff Manual (Red Book) Provides outline of Honours, Marching methods and how to run a Pathfinder Club.
- Teacher's Resource Manuals can be found here: https://pathfinders.advent-istchurch.com/resources/category/staff-resources/

CLASS OUTLINE

3. Way to Go Program

https://waytogo.adventistchurch.com/

This is the latest Pathfinder Curriculum and is based on the concept of activity based learning theory, that the best learning is in the debriefing of the activity that the Pathfinders have just gone through.

The program has its own unique language explaining each of the features but the Pathfinders are still invested for each badge according to their age group.

The program is based on the completion of pursuits that are chosen by the club from a wide selection that is available on a CD. The selection includes CORE pursuits that must be done each year. (See CORE PURSUITS document)

The selection of pursuits is based on a unique balance of Pathways, levels and time. It requires serous planning by the club to create a workable curriculum that meets the needs of Pathfinders as the other Pathfinders. The learning takes place in the process of debriefing and journaling that happens after the activity.

Resources

- South Pacific Pathfinder Staff Manual (Red Book) Provides outlines of Honours, marching methods and how to run a Pathfinder Club.
- Way to Go Pursuits www.adventist.org.au/pathres
- Way to Go Journals These are available from the ABC

Things to remember:

This is not a new Pathfinder Club program. It is only the Pathfinder class curriculum.

There are core pursuits that have to be done.

The club chooses the rest of the curriculum according to the formula that the program is based on.

Positive Features

The program works well where leaders put time into developing their club curriculum. It requires less staff. It requires only one teacher for each level.

There is an extensive resource available that is very comprehensive

Pathfinders really enjoy it

Active learning is a great way to learn.

Negatives

Takes more staff time to prepare for each activity and you need to watch time Have to use each available class time in the club program to meet the requirements.

CORE PURSUITS

It is a requirement that Core Pursuits are completed within each Pathway. Table A1 outlines the "themes" for each Pathway with a corresponding code which is then seen in Table A2 to A5. Tables A2 to A5 outlines the Core Pursuits which should be completed for each Pathway. The codes from Table A1 have been included to highlight the category of the pursuit, as well as recommended durations for each pursuit.

Note that each pursuit needs to be chosen so that each Pathway "theme" is covered within the 2-year period. Also, note that in some cases the duration of the pursuit is over the 2 hour limit. Hence an adjustment can be made by reducing the remaining 6 hours of Pursuit time accordingly.

CORE PURSUITS by YEAR and LEVEL

If you program the core pursuits on a two year round basis you will always cover the core pursuit requirements. And as pathfinders spend two years in each level they will not cover or do the core pursuits twice.

Eg: 2017 – year one

2018 - year two

2019 - year one

2020 - year two

2021 - year one

2022 - year two

Etc, etc

Don't forget the core honours!

Use the pursuit planner which has the core pursuits and the core honours listed and just add your chosen pursuit to make up the remaining time requirments.

INVESTITURE CHECK

Preparing for the Investiture Check

The purpose of an Investiture Check is to provide evidence that your club is ready for the honour of being invested before the local church.

The investiture check is to confirm that the club has completed the requirements and that each Pathfinder can gain recognition of their skills

The check is an opportunity to 'show case' the club

The steps

- 1. Plan the Years Program and keep to it.
- 2. Set the date for the investiture with the local church board
- 3. Talk with your DD and confirm the Investiture Date and time.
- 4. Set a time for the Investiture Check make this date as early as possible so that you give "catch up" time if you need it before the Investiture.
- 5. Make the DD visit a very special time. Introduce the DD to the club. Ask them to take worship or a special feature of the program.
- 6. Make the check easy by:
 - a. Making sure that all the cards or paper work has been signed by the right people
 - b. Have the "attendance record" for the club completed
 - c. Have samples of the Pathfinders work available for assessment
 - I. Honours Workbooks
 - II. Class Workbooks
 - III. Pursuit Journals
- 7. Have the Pathfinders available if the DD would like to have a talk with them.
- 8. Make sure that the Pathfinders can recite their Memory Gems when asked by the DD.
- 9. Thank the DD for the visit

WORKING WITH CHILDREN

Working With Children Check

A Working With Children Check is a requirement for people who work or volunteer in child-related work. It involves a national criminal history check and a review of findings of workplace misconduct.

The result of a Working With Children Check is either a clearance to work with children for five years, or a bar against working with children. Cleared applicants are subject to ongoing monitoring and relevant new records may lead to the clearance being revoked.

The local Church is responsible to make sure that ONLY approved persons can work with children - this includes Adventurers, Pathfinders, Sabbath School, and other child-related ministries. Every church will have a person who is responsible for keeping records of each person's registration number.

Steps to obtain a registration number:

- Be at least 18 years of age
- Type into web search 'https://www.kidsguardian.nsw.gov.au/working-with-children/working-with-children-check'
- Click on the new government site
- Click on the 'start here' box and answer the questions
- You will receive an email from 'working with children' that will include an APP number
- Take this document to your local NSW Motor and Maritime Registry. Take proof of identification with you (such as a drivers license or passport etc.)

The church cannot have any adult working with children, Adventurers, or Pathfinders until they have a WWCC number. This includes parents and family members at campouts.

AdSafe Training

The Seventh Day Adventist Church also requires that ALL volunteers complete their online AdSafe Code of Conduct, and Safer Churches Awareness Training. Please visit the following website:

https://elearning.adsafe.org.au/

Please create an AdSafe account, then proceed to complete the TWO modules:

Code of Conduct

100%

An outline of appropriate conduct for employees and volunteers working in child

Safer Churches Awareness Training

100%

For those in Leadership or Child Related Roles - Valid for 3 Years.

SAFETY PLAN GUIDE

Below are steps to help you complete the 'Safety Management Plan' which is required along with the 'Notification Form'. It is now worth a bonus of 3 points.

Why do it?

- The church administration now expects this form to be completed
- It helps you to identify the possible dangers for the activity
- It means that you can work out a way of making the danger safer
- Means that we are good stewards who care for the Pathfinders and the Pathfinder organisation.

How to do it?

- 1. Work with a group to complete the form
- 2. Look at the two examples behind the empty Safety Management Plan template
- 3. On the blank safety management plan template, fill in the details regarding the context of the activity
- 4. Consider the major dangers that may be present, at the acitivity location.
- 5. List all identified risks
- 6. Work out a control strategy (like wear a life jacket if canoeing) to reduce risk.
- 7. Included whatever special guidelines are relevant to your activity.
- 8. Pray about it.
- 9. Identify who or which group of people are responsible for putting the risk controls in place. Share it with your team. Choose people/teams that are responsible in keeping the adventure safe.
- 10. Outline your emergency procedure and emergency evacuation for your activity. THIS IS EXTREMELY IMPORTANT!
- 11. Make a decision as to whether this activity's risk is manageable.
- 12. Send a form with your Notification Form. Share it with your staff.
- 13. Learn from experience, add other risks or delete some for next time.
- 14. Always remember that in the outdoors, the risk can come from anywhere. BE PREPARED!

Completing the Pathfinder Leadership Award includes complete instructions on how to fill this form out.

SAFETY MANAGEMENT PLAN

Safety Management Plan(25.11.13GSC)

Activity Context		
CHURCH/ORGANISATION/CLUB NAME: Activity	Location	
Date	Anticipated Time	
Group/Ages	Experience(of group)	
Leader	Training(of leader)	
Leader Experience	Notification Form Approved	

This document outlines the best practice and anticipated response to any danger, emergency or accident for this activity. This document will be given to every staff member involved and its contents will be shared with the participants involved in the activity. We also acknowledge that if such an anticipated event happens, due to the difference between the real and the anticipated, there may be some other safe and responsible response that may be taken outside of what has been recorded here. This Safety Management Plan reflects the best response based upon the experience that we have had or industry procedure that is currently available. This will be the first procedure method considered in managing the danger.

Risk in the outdoors generally, but not always, come from three main sources. These are problems that PEOPLE bring to the activity, the EQUIPMENT being used in the activity and The ENVIRONMENT where the activity is taking place

Item	Dangers (Risk/Hazard/Peril) List only the major contributing dangers that are specific to this activity	Control Strategies (To reduce or eliminate risk) 1. Eliminate (get rid of) 2. Substitute (put something safer in its place 'change') 3. Engineer Controls (make something new) 4. Administrative Controls (Instructions & signs) 5. Personal protective equipment (PFD, helmet, etc)	Person/s Responsible List the person or people responsible for making sure that the control strategy takes place

THIRLMERE

Thirlmere is a Wilderness Property located 95km south-west of Sydney. The property consists of 5 acres of scenic forest nestled in the beautiful Thirlmere Lakes National Park.

This is an ideal location for Pathfinder or youth group campouts and offers many great activities for campers to enjoy.

The following guidelines are designed to assist you in keeping the facility in pristine condition and enjoying your stay there.

Camp Sites

There are 2 camp sites operating at the moment:

- 1. Casusrina
- 2. Waratah

Camp in your allocated camping area.

Campfires

Fires may only be lit in the fireplaces provided. In the event of State or Shire fire bans no fires are allowed. Make sure that your fire is extinguished before you leave the camp site. Be sure to leave the hot plate clean, with no aluminium foil in the ash. Wood for the fire may be gathered from the forest floor. Do not cut green trees or disfigure trees in any way.

Drinking Water

Please bring your own drinking water as there is no safe drinking water on site.

Care of the Environment

All flora and fauna is protected. Take nothing but photographs and leave nothing but footprints. Our wilderness environment training area is surrounded by World Heritage National Park. The south-western border is a water catchment area. Extreme care must be taken to protect our drinking water. Do not use the water in the creeks for bathing or washing dishes. No pets are allowed on the site.

Temporary outdoor toilets are currently available. However, If digging a hole to be used as a bush toilet, note that toilets must be at least 200m from the creeks. Individual campers must use a trowl to bury waste.

All rubbish must be taken home with you! There are no exceptions.

Security

It is important to keep the gate locked at all times while you are camping on the site.

Activities

Activities in the area include:

- Walking along fire trails and W E Middleton Drive
- Climbing up to Australia rock and cave
- Abseiling
- Nature walks up the small creek and through the fern glades to the fire trail
- Canoeing on Thirlmere Lakes
- No mountain bikes in catchment areas

Worship

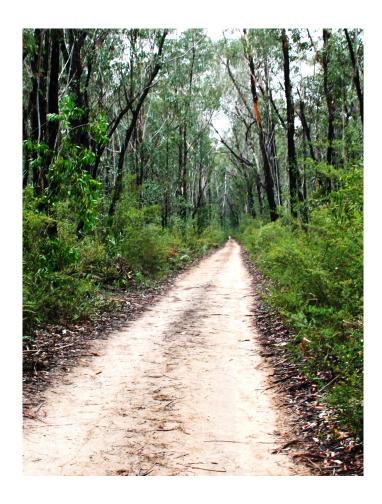

We encourage groups to use our special Camp Fire Bowl for worships.

There are numerous beautiful natural areas where you can plan to have worships and nature activities.

Bookings

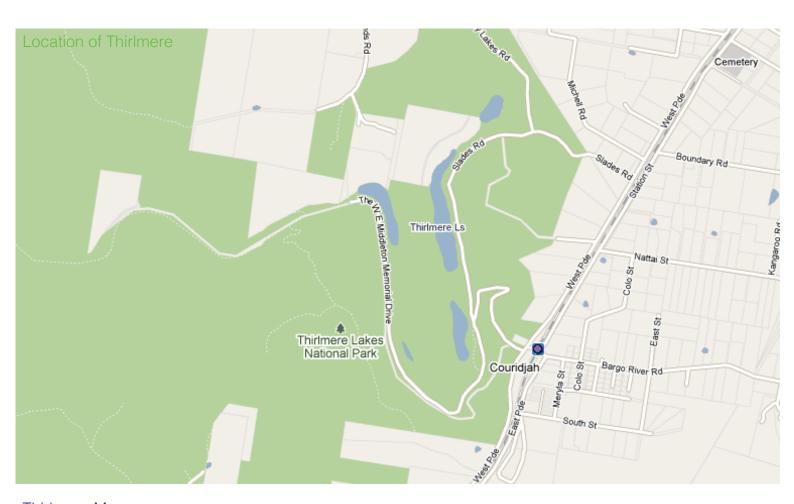

An application form needs to be completed and fees paid before using the site. Prices are \$2.00 per person/per night and a Booking Deposit of \$20.00.

Arrangements can be made to collect the gate key from the Youth Department at the Conference Office. This must be returned after your camp.
